2020 PHOTO 2021 CONTEST

Dear Employees,

Start - A new round of the SCHAKO photo competition begins the **1st September 2020**, punctually at the end of the online countdown on http://bit.ly/SCHAKO_Foto.

Winnings - once again, this competition will be rewarded with some interesting prizes. This year, **exclusively credit vouchers from Amazon**.

1st place - Amazon voucher worth €1.000
2nd to 5th place - Amazon voucher worth €500
6th to 10th place - Amazon voucher worth €150

Conditions of participation - and everything else you ought to know can be found **on the web platform** for the photo competition as well as in the footer under the heading CONDITIONS OF PARTICIPATION.

Your task - we need **three photos**: we reveal this in advance. Of course we are still looking for the three obligatory views: an **external view**, an **internal view** and a **detail view**.

GOOD LUCK

POINTERS FOR UPLOADING

Take part at http://bit.ly/SCHAKO_Foto.
The submission deadline is 31st August 2021. Use your email address for login: [firstname.surname@schako.xx]. Alternatively: Facebook login.

After **uploading** your photos you must still fill in the details describing your subject matter on the **online form**:

- The designation of the property - **BEATRIZ BLDG - VYOSA**
- The type of building - **school**
- The type of room - **laboratory**
- The SCHAKO product photographed - **COMBIDQJ**
- The country in which you took the photo - **Spain**
- the postal code of the city - **41704**
- The city - **Dos Hermanas**
- The street - **Av. de las Universidades**
- Confirmation of the **conditions of participation**
- Confirmation of the **data protection regulations**

To participate, complete all **mandatory entry fields***.

POINTERS FOR TAKING PHOTOGRAPHS

Always take **three photographs** per object:

- an exterior photo - the best side
- an interior photo - in the best light
- a detail view - of the SCHAKO product

Take photographs with **maximum resolution**. Recommendation: The photographs should be taken with at least an 8-megapixel camera. Always photograph in **full-frame format** and **use landscape format**. You can rework the photographs on the computer. But the photo must look realistic. **Internet copies will be disqualified.**
